

THE HUM OF HOME INDUSTRY.

An Enjoyable Anniversary at a Southern Institution.

BEAVER, February 4th, 1885.
To the Editor of THE HERALD:

Last Monday, the Beaver Woolen Mill was the scene of gay festivity, the occasion being the sixteenth anniversary of the organization of the Beaver Woolen Factory Association. The stockholders, factory operatives and a few invited guests, together with their wives and sweethearts assembled at about 2 p. m. in the main room of the mill, the room of the day in question, in the main room of the factory building. After the usual opening exercises, appropriate speeches, songs, recitations and essays were given. The subject matter of the given speeches mainly consisted of a historical review of the progress of the business of the woolen mill from its first inception to the present day. Founded on February 1st, 1869, with the comparatively small capital of \$50,000, the concern has flourished far beyond the most sanguine expectations. During its fourteen years of actual operation, the association has declared and paid an actual aggregate dividend of over \$60,000, or in other words twice as much as the amount of the original investment, besides permitting during the same period, of a gross expenditure of some \$15,000, in the erection of additional buildings, the purchase of new machinery, etc.; all of which has been done without the least inflation of the primary stock. The showing certainly argues exceedingly well for the business tact and ability of its management. The factory itself is but small, consisting of 300 spindles, one corner six looms, and other incidental machinery, but though of somewhat limited capacity, the textile products of the mill will bear favorable comparison, both as regards superior quality and finish, with the products of other and far more extensive and elaborate concerns of its kind in the west.

But we digress. The songs and recitations were largely of the laughter-provoking order and were highly enjoyed by all present. About 4 o'clock recess was taken for an hour, during which period the ladies prepared an elaborate repast, of which all present were invited to partake. It is almost needless to say that the invitation to "come and have some yellow-legged chicken, teal duck, pumpkin pie and confections" met with a hearty response, and yet, after the now numerous company had been fully satisfied there remained almost enough fragments to feed a poor family for a week, providing the aforesaid family's digestion was good. At the conclusion of the picnic, or banquet, the tables and other impedimenta were cleared away and an orchestral band being now in attendance, old and young, grave and gay, joined in the merry dance of the dance, which was kept up until the midnight hour. SCROFULA

Vanderbilt's Money Couldn't Buy It.

The Acworth News and Farmer of this week says: Mrs. Elizabeth Baker, living within three miles of Acworth, remarked that Vanderbilt's fortune could not buy from her what six bottles of Swift's Specific has done for her. Her statement is as follows: For thirty-one years I have suffered almost death from that horrible disease, scrofula. For years I was unable to do anything in keeping up my domestic affairs. Last October I was induced to try Swift's Specific, and used two bottles, and was so much benefited by it that I purchased four more from Messrs. Northcutt & Johnson, which has almost entirely relieved me. I feel like a new person, and can do all my own housework. Before I took the S. S. S. my life was a burden, as my entire person was covered with sores, and in this miserable condition I did not care to live. I had tried every known remedy, and my case was generally regarded as incurable. I had been treated by the best physicians to no avail. I most heartily recommend Swift's Specific to the afflicted.

Messrs. Northcutt & Johnson, merchants at Acworth, say: We know Mrs. Elizabeth Baker personally; we are familiar with her case. She is highly esteemed in this community.

Rheumatism Twenty Years.

I have been a sufferer from rheumatism for twenty years, at times with almost intolerable pain. I had the best medical treatment and took all sorts of remedies, but with out relief. Being reduced almost to a skeleton, and not being able to walk even with crutches, I was induced to try Swift's Specific and it acted like a charm, and I am today entirely relieved. Have thrown away my crutches and am in excellent health. I believe Swift's Specific will cure the worst case of rheumatism.

Communication.

WETUMPKA, ALA., Sept. 28, 1884.—About six years ago I became afflicted with a very disagreeable skin disease, with large, dry sores and many crusted pimples on my face, hands and shoulder. The sores on my shoulder cut out a hole nearly an inch deep, and the cancerous appearance of one of the sores near my eye alarmed me very much. I tried all kinds of treatment, but found nothing that seemed to affect the disease. I finally decided to try S. S. S. on advice of a physician, and in a short time the scales dropped from the sores and left my skin smooth and well. I consider S. S. S. the greatest blood medicine made, and the only thing that will cure the disease with which I was afflicted. I think my trouble was the result of a terrible attack of malarial fever, contracted while farming in the Tallapoosa river swamp. I can be found at my office in the court house at Wetumpka. You can refer to me.

I have tried for eleven years to have my wife cured of a terrible skin disease. The CUTICURA REMEDIES (CUTICURA RESOLVENT, the new Blood Purifier, internally, and CUTICURA SOAP, the great Skin Cure, and CUTICURA SOAP, an exquisite Skin Beautifier, externally) have done in six weeks what I have tried for eleven years to have done. You shall have the particulars as soon as I can give them to you, and as we are so well known in this part of the country, it will benefit you, and the remedies will cure all who use them.

BLOTCHES CURED.

I used your CUTICURA REMEDIES for blotches, and am completely cured, to my inexpressible joy. CUTICURA SOAP is the best I have ever used, and to the profession it is invaluable for cleansing the skin, thereby removing all "cork," grease, paint, and all the stuff used by them, leaving the skin pure and white and soft. My greatest pleasure is in recommending such an article.
